LADNER—BOURGEOIS

One of the prettiest weddings of this season was that of Miss Mary Helen Bourgouis, daughter of Mr. and Mrs. Anthony C. Bourgouis of Waveland and Mr. Sylvan J. Ladner, Jr., son of Mr. Sylvan J. Ladner and the late Mr. Ladner, of Bay St. Louis, which was solemnized at St. Claire's Church, Waveland, on Wednesday at 10 a. m. at a Nuptial Mass. The Rev. M. J. Costello celebrating the Mass.

For the processional Mrs. Marie Weber played the Bridal Chorus from Lohengrin as the bride entered on the arm of her father. She wore a white satin and net dress with a long train, tight fitting bodice and long sleeves with the long veil of illusion held at the head with a crown of orange blossoms. Her bouquet was of white carnations centered with an orchid and which cascaded with loops of white satin ribbon to the hem of her skirt. She had as her maid of honor, her sister Miss Catherine Bourgouis; the Matron of Honor was Mrs. Stanley Weidman of Biloxi. The Bridesmaids were Miss Theresa Bourgouis, Miss Mary Margaret Turcotte and Mrs. Fred Bourgouis who wore dresses of pastel shades and carried bouquets of Asters.

Linda Ann Schwander and Hilda Jane Favre were the flower girls and wore the floor length dresses of pink and blue, and carried very small old fashioned bouquets. Fred Bourgouis, Jr., was ring bearer.

Mr. Ladner had as his best man Mr. Roy Craft and as groomsmen Messrs. Osmond Blaize, John Ladner, Jr., and Anthony C. Bourgouis, Jr. All the men wore summer formal.

Pre-nuptial music was played by Mrs. Weber and Mrs. Ed. Carriere sang the Panis Angelicus, Ave Maria and Hail Thou the Living Bread, and Mendelssohn's march was used for the recessional.

The wedding ceremony was followed by a reception at which Mrs. Bourgouis, mother of the bride, received in a dark blue sheer dress worn with a corsage of white roses buds. Receiving with her was Mrs. Ladner, mother of the bridegroom. Assisting in serving were Mrs. Henry Bourgouis and Miss Cecile Turcotte. The reception rooms of the home were decorated with white flowers and palms which carried out the color scheme of green and white used in the church decorations, where white gladiolas, white Asters and palms were used. In the dining room the table was covered with a lace cloth and a large silver tray held the three tiered wedding cake which was topped with a miniature bride and groom. Surrounding this were white flowers and crystal candle holders holding lighted white tapers.

The couple left for a trip to Los Angeles, California, and upon their return will be at home at Ocean Springs. For waveland the bride wore a gold cloth coat suit, with a black hat and black accessories.

OFF FOR CHINA

Mrs. Andrew Allison left Saturday afternoon for New Orleans where she visited her brother-in-law Alexander Allison, Jr., and Mrs. Allison. She left for San Francisco by train on Monday and will sail from that port on September 11 for China where she will join her husband Rev. Mr. Allison and take up her work as a Missionary again. Mr. Allison left some months ago but at that time it was not feasible for Mrs. Allison to go as she was not strong enough and conditions there were not too good. She and Mr. Allison have labored in the Mission field for thirty-three years, were seven months in a Japanese Concentration Camp during the war and were among the first passengers to arrive in the United States on the Gripsholm. They both work under the Presbyterian Board of Missions. The prayers and good wishes follow the Allisons through their work and admire and love them for the great sacrifice they are making. It is their desire that when their earthly pilgrimage is ended that they rest beneath the soil of China so it is doubtful that they will again return to the States.

ENTERTAINS ON SEVENTH BIRTHDAY

Little Ty Robin entertained his little friends who live in his block on the occasion of his seventh birthday on Thursday of last week. There was the usual birthday cake with seven candles and games were played and a general good time was had by Ty and his friends. There were many gifts for Ty, too.

Those enjoying the afternoon with Ty were Karen and Peggy Kergoson, Edmund F. Fahey, III, Dickey and Bobby Walters, James and Robert Gunn, Kinta, Ames and Everett Kergoson Patricia Stone, Janet, Lusk, John L. Griffin, Jr., and Lavelle Griffin.

The baptizing of little Miss Barbara Gene Monti, daughter of Mr. and Mrs. Eugene Monti, took place Sunday, September 1st at Our Lady of the Gulf Church, at 4 p. m. Rev. Father Dominick officiating. Barbara Gene wore the same dainty dress in which her mother was christened. The godparents were Mr. and Mrs. Joseph Van Cloostere of Long Beach, Miss.

MILLION FOR THE MASTER IN MISSISSIPPI

The "Million For the Master" campaign was started last Sunday by the Mississippi and North Mississippi Conferences of the Methodist Church, to raise one million dollars for Methodist institutions and causes in the State of Mississippi.

Of this amount \$350,000.00 has been apportioned to Millsaps College whose main needs are additional dormitories, a fine arts building, another classroom building, enlargement of the Science Department and replacement of the depression depleted endowment. The lack of these facilities prevents Millsaps from accepting all the students who apply for admittance. This inadequacy also lessens in amount and quality the training Mississippi's youth need.

An allotment of \$250,000.00 has been made to the Mississippi Methodist Orphanage Home, at Jackson, Mississippi, which is greatly in need of extensive repairs to the main building and improved living quarters for the children, a school building and a small infirmary for the adequate care of each child's health. The improvements for the Orphanage will be directed by its Board of Trustees. Certainly the needs of these little ones who through no fault of their own, have been deprived of the loving care of one or both parents, it is the privilege and duty of the Church whose faith is in Him who said: "Suffer little children to come unto Me, and forbid them not for of such is the kingdom of God."

Rev. Philip E. Pierce and his committee appeal to the members and friends of Bay St. Louis Methodist Church for generous contributions of cash and pledges in order that the \$250,000 apportionment of his church may be raised during this month.

RETURN FROM TRIP EAST

Mr. and Mrs. Edwin Ranson have returned from an automobile trip through Washington, D. C., New York, Delaware, Maryland, Pennsylvania, New Jersey and the Carolinas. While in Washington the Ransons were guests of Senator Overton and his daughter for luncheon and Senator Overton arranged an F. B. I. tour for them which showed many of the hidden secrets of the life of the law. They went through the Shenandoah Caverns which rivaled the mountains in beauty. They climbed the 2nd flight of the Statue of Liberty. Mrs. Ranson said that of all the states visited she chose Virginia for beauty and points of interest but secretly she was glad to get back to Bay St. Louis. Bay St. Louis is glad that Mr. and Mrs. Ranson did not want residence in the East.

—Rev. John T. Dearing left Monday for New Orleans where he will enter the Baptist Theological Seminary to complete work on his ThM Degree. Mr. Dearing will fill his pulpit at both services on Sundays and will hold prayer services here as usual on Wednesday nights.

—Mr. and Mrs. Dan B. Haggerty and infant son, Dan B. Jr., left Tuesday morning for their home in New Orleans, after spending several days with Mrs. Haggerty's parents Mr. and Mrs. L. S. Elliott of this city. Miss Joan Elliott accompanied them home but returned in time to enter classes on Wednesday.

—Rev. (Chaplain) and Mrs. C. C. Sharp and baby left Wednesday for Louisville, Kentucky, to make their home. Chaplain Sharp is on terminal leave and will enter the Theological Seminary to complete his education for the ministry. Mrs. Sharp is the former Miss Caroline Griffith who has been with her parents at Pass Christian awaiting her husband's release from the service.

—Mrs. Edgar W. Santa Cruz, Superintendent of the Kings Daughters Hospital, her son Woodie and Mother, Mrs. Joseph Rhodes arrived home Saturday from a three weeks visit with Captain Edgar W. Santa Cruz, M. C., who is stationed at William Beaumont General Hospital at El Paso Texas. While in El Paso they visited Carlsbad Caverns, New Mexico, White Sands, Texas, and many visits to Jaurez, Mexico. The old Quadelupe Mission at Jaurez, is very interesting to all tourists.

—Mrs. Pearl Canon Floyd and son Jason Ford of Senatobia have leased the Mollere cottage in Waveland and will reside here permanently. Mr. Floyd will be associated with J. F. Galloway in his law office in Gulfport. Mr. Floyd recently received his honorable discharge from the service. He served with the Army overseas as Judge Advocate. We welcome these fine folks as permanent residents of Bay St. Louis.

Mrs. Abbie Mead Russ, Dies in Bay St. Louis

Mrs. Abbie Mead Russ, widow of the late D. L. Russ, of Logtown died on Thursday, August 29 at 10:15 p. m. at the home of her son-in-law and daughter Mr. and Mrs. Warren Traub in Bay St. Louis, following an illness extending over a period of several months. Mrs. Russ was a native and life resident of Logtown and belonged to one of the old families of the County. Her father was Dr. A. J. Mead who came to Logtown from Maine in the early days of that town. She was a devout member of the Methodist church and a charter member and past worthy matron of the Logtown Loist Western, Order of Eastern Star No. 80.

Her funeral was held on Saturday afternoon at 3 o'clock from her Logtown home. Rev. W. B. Jones, pastor of the Methodist Church officiating. Interment was in the Logtown cemetery.

Surviving her are four daughters, Mrs. Florence Apple, New Mexico; Mrs. Pauline Russ, Logtown; Mrs. Edith Traub, Bay St. Louis; Mrs. Doris Coulange, New Orleans; two sons, Lieutenant Howell Russ, Army, on special leave from the Pacific Zone and Ames Russ of Poplarville; six grandchildren and other relatives.

Library Again Appeals For Funds

Again the Bay Saint Louis-Hancock County Library makes its appeal to those who failed to contribute to the library fund on Tag Day on August 24. Surely this was an oversight and not a lack of interest in the library. It was pointed out in the article in last week's issue how the library is operated and how money is secured for the purchase of books and the current expenses of the library.

Last year the net proceeds of Tag Day were more than \$500 and this year not even one half of this amount has been realized. Please send or bring your contribution and help the children of your county. The library is a civic institution so support it. The library board and the librarians appreciate deeply what has been done and what is being done and they hope that the general public will come forth with their contribution. Your town needs the library and the library needs the town, so let's rally to the cause and make the library a permanent institution.

School Officials Should Confer With County Health Officers

Jackson, Miss., August 31 (Special)—The 1946-47 school session will begin in practically all of the public schools in Mississippi during the first or second week in September. State Superintendent J. M. Tubb urges local school officials to confer with county health officers or the State Board of Health on the advisability of beginning or postponing school openings due to the cases of polio in the state. This is a matter that should be given most careful consideration, states Mr. Tubb.

Recent survey shows that the 1946-47 school session opens with a tremendous teacher shortage. Some class rooms may have no teacher and others may have a teacher without complete standard qualifications. These conditions call for the wholehearted co-operation of all the people in a community in order that the children may have the best educational opportunities possible for this school year. The growth of children does not stop on account of unfavorable conditions. That must be considered at all times. Mr. Tubb believes that the most important challenge facing Mississippi leadership today, is a solution to the problem of providing competent teachers for all of the children of the state. This challenge must be met before the potential abilities of the youth are discovered and developed.

GROUP CAMPING PROVES POPULAR AT STATE PARKS

Jackson, Miss., August 31—Special)—Upwards of 6,000 boys and girls, making up various group campers, have crowded Mississippi's sprawling State Park System, helping to sky-rocket over-all attendance in all parks in excess of any previous year, as revealed by State Park officials the earlier part of the week.

During the first seven months of the year 236,556 visitors swelled the park areas, with Percy Quinn at McComb leading with a total of 55,975 and Roosevelt at Morton placing second with 45,087.

Tabulations revealed a heavy increase at all parks during July as compared with previous months.

Other attendance marks included: Clarco at Quitman, 33,164; Magnolia at Ocean Springs, 29,806; Leroy Percy at Holly Springs, 19,102; Tishomingo at Tishomingo City, 7,736 and Holmes County at Durant, 5,408.

With all parks operating this season except Legion State Park, located at Louisville, facilities were taxed to care for groups made up from various churches, 4-H Clubs, Boys' Conservation Schools, High School Bands, Future Farmers of America and Boy and Girl Scouts.

Of special interest, as pointed out by Bura Hilbun, State Park Coordinator, is that no major accidents have been reported thus far. He expressed appreciation for, and said that Albert A. Legett, State Forest & Park Director, was gratified at the fine showing of Park management and the efficient life-guards on duty this year.

These officials explained that the Park Service provides water safety personnel for all groups, as well as for the swimming area for other visitors. In several instances, courses have been conducted for non-swimmers and rescue work, as well as first aid for all groups by the personnel assigned for special work with group-campers.

The three outstanding events, as recorded with the State Park Board included Speed-boat races held at Roosevelt Park with attendance of more than 6,000; Percy Quinn Park was host to 7,000 visitors when the Lion's Club of McComb sponsored speed-boat races on the beautiful 621 acre lake; and, Magnolia State Park entertained 1,500 W. M. U's of the Baptist.

Calling attention to the month-long rental of cabins, Mr. Hilbun said that it is the desire of the Park Service that all cabins available for the fall and winter seasons, can and will be rented on the usual winter basis. "In this way," he said, "the parks will be so overswifted throughout the entire year."

National Guard Units Must Have Community Support

In the activation of the National Guard in Mississippi the Adjutant General's office states that it will be necessary for communities desiring a National Guard Unit to make adequate expressions of community support by indicating their agreement to assist with the maintenance of the National Guard Unit, which will include providing the necessary army facilities.

The Armory and Field Training Pay to be received by the members of the National Guard together with the pay of the assigned caretakers will represent a considerable sum of funds to be expended in each community. The average unit will receive approximately Twenty Thousand Dollars (\$20,000) annually of federal funds for its support which will include pay for officers and enlisted men for both armory and field training periods, as well as caretakers. This amount received will more than offset any initial expenditure of any community securing a unit.

During the next few months the Mississippi National Guard will be well established and communities desiring a National Guard Unit, including those who had units before World War II should express in writing to the office of the Adjutant General, Jackson, Miss., their request for a unit or units.

As on previous occasions the bank will set up its headquarters at the Bay High School gymnasium. Appointments may be made to give blood between the hours of 1 p. m. and 7 p. m. If possible, it is requested that the prospective donor arrive several minutes ahead of the appointed time in order to speed up the procedure. The donor will be given a thorough physical check up before giving blood and afterwards will receive a card with his blood type and R. N. factor. This card would be of great aid if the occasion should arise where one would need blood on short notice.

In order to clear up certain points upon which the public has been confused it has been asked that we convey to the donors and to the public the following information. Two fifths of the total amount of blood received from donors will be set aside for use of citizens of Hancock County free of charge. Any citizen of Hancock County who wishes to obtain any of this blood may go to the Baptist Hospital and present a note or letter from any local doctor to Dr. J. W. Davenport. If at the Touro Infirmary it is only necessary to get in touch with Dr. Davenport who is assigned to the Baptist Hospital. The other hospitals in New Orleans do not cooperate fully with our blood bank plan; however, the person in need of blood may contact Dr. Davenport and he will see that such person receives the blood necessary. The blood acquired from this blood bank will be stored in the form of WHOLE BLOOD and not converted into plasma form.

It is urged that everyone cooperate wholeheartedly in this worthy cause.

IDLE TALK

RUMORS have been prevalent during the past week that the Hancock County Chamber of Commerce would close its doors. The mere fact that a disagreement came up between some of the officers and directors of the Chamber of Commerce is no reason for the spreading of such idle talk.

Every person is entitled to have their own opinion and certainly we would not want a Board that would always be in thorough accord. It would not be best for the organization. It takes a difference of opinion at times to make people work harder.

It has also been talked that the withdrawal of the support of the Board of Supervisors of the financial aid that had been given to the Chamber of Commerce would seriously effect its continuance. We do not believe that the withdrawal of this support will have any effect on the activities of the Chamber of Commerce. In fact it is our belief that the actions of the Board of Supervisors will probably spur the business men of Hancock County to greater heights. We believe that a civic organization should not depend on a public body for any support. If the Chamber of Commerce of Hancock County, cannot exist without the support of the County or the City then it is high time that it closes its doors. What may have motivated the actions of the Board of Supervisors, we would not say, but we think that they certainly did the Chamber of Commerce a favor when they took the action that they did.

A good Chamber of Commerce means much to the County. We are able to look around and see much that has been done by the Chamber of Commerce during the short period of its existence. Certainly the county has not been industrialized overnight, but the seed that will probably bear some fruit has been sown, and the day will come when Hancock County may reap the harvest, from the work of the membership of its Chamber of Commerce.

It is time that the business men of Hancock County take an inventory of the situation, and certainly if mistakes have been made, we think that they have been of the head and not of the heart, and those who made the mistakes should back up, and start anew. It is often said that any one may make a mistake, but that it takes a big man to realize that he has made one and to acknowledge that he has.

The doors of the Chamber of Commerce must not close, and if it takes a good old fashioned scrap to bring the matter to a head let's have it, shake hands and then work with one purpose in mind, to build Hancock County.

ONLY BY INDIVIDUALS

IN 1941 more than one hundred persons were killed every day in highway accidents.

Highway officials, safety experts and other national leaders are greatly concerned over the possibility that the death toll may increase. They know that the average age of cars on the highway today is much more than in 1941 and unless individual drivers exercise real care the number of accidents will grow.

We have called public attention to the amazing apathy of the people of this country to the casualty list arising from traffic accidents. Practically every medium of public expression periodically gives space to the subject of safety on the highway and we doubt if there is an automobile driver in Hancock County who does not thoroughly understand the problem and its dangers.

While improved automobiles and highways have made high speeds possible and relatively safe, and there is the prospect of superhighways to add to the safety factor, there is no way to avoid the conclusion that accidents can be prevented only by individuals and that every driver of a motor vehicle must exercise the greatest care when travelling on the highways.

IT'S A FACT

That Mississippi State College for Women at Columbus is the oldest and one of the largest state-supported schools for women in the United States. It was opened as the nation's first tax supported college exclusively for young women. Its annual enrollment is more than 1,200 and its student body is composed of girls from many of the 48 states.

AND IT'S ALSO A FACT

That \$6,340.70 went into Mississippi's treasury each and every day during 1945 from state taxes on beer — a total of \$2,314,359. To protect this valuable business and its tax contributions to state and local institutions, the United States Brewers Foundation works closely with law-enforcement authorities in every legal beer county in Mississippi to maintain wholesome conditions wherever this moderate beverage is sold.

HELP

MAKE IT A
MILLION
FOR THE
MASTER

BECAUSE YOU ARE FOR THESE VITAL NEEDS

Mississippi Methodism's "Million for the Master" Program, now underway throughout Mississippi, is the greatest challenge to thinking Mississippians since the war. The causes and institutions to benefit from the million dollar program are those that represent the teachings of the Master—those that deserve the support of the people of all denominations and creeds. Remember . . .

BILLIONS FOR WAR . . . CERTAINLY A MILLION FOR HIS WORK

INASMUCH AS YE HAVE DONE IT TO ONE OF THE LEAST OF THESE—YE HAVE DONE IT UNTO ME.

This Message Made Possible by Friends

1. CHRISTIAN EDUCATION

We are responsible to our young people in seeing that adequate educational facilities are provided for them. Millsaps College, an important educational institution in Mississippi, will receive \$350,000 to carry on its worthy mission from the Million for the Master.

2. ORPHANED CHILDREN

From the "Million for the Master," \$250,000 will go to the Methodist Orphanage for new construction, extensive repairs to existing buildings, farm replenishment, and other badly needed improvements. Our orphaned children must be provided for!

3. RETIRED PREACHERS

Each year many Methodist ministers reach retirement age homeless and without adequate funds to meet their material needs through life. \$200,000 of the "Million for the Master" fund is to be allocated to superannuated ministers.

4. OUR OWN YOUNG PEOPLE

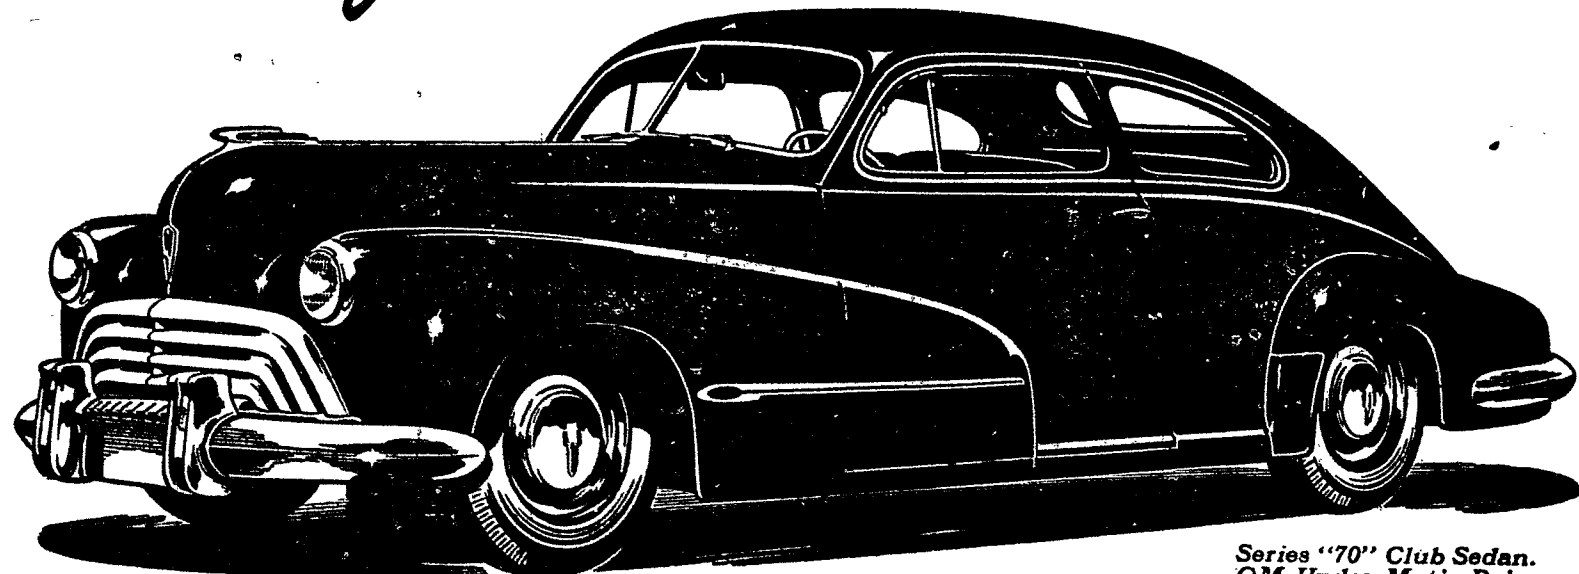

\$100,000 from the "Million for the Master" will go for needed housing and service facilities for children's camps, youth assemblies, pastors' schools and lay assemblies at the Sessore Methodist Assembly at Biloxi and the North Mississippi Conference Camp near Oxford. We owe our own children an opportunity to participate in Christian activities!

5. NEGRO CHURCHES

Another \$100,000 from the "Million for the Master" will go for the assistance of Negro Methodists in Mississippi in rehabilitating their church buildings and their colleges. Buildings and endowment funds are needed for Rust College and Mississippi Industrial College at Holly Springs. They are entitled to this Christian aid.

A Word of Appreciation . . . and a Suggestion, too!

We know how anxious you are to get your new Oldsmobile. And there's nothing we'd like better to do, right now, than to say to every Oldsmobile buyer: "Your car is here. Come get it!"

But frankly, it just isn't possible to do that. There still aren't enough new Oldsmobiles to go around. Due to shortages in materials and unavoidable limitations on production, the output of new cars still is behind schedule. And our allotments are far below the figures that we originally anticipated.

We want to assure you, however, that everything possible is being done, both here and at the factory, to get your car in your hands promptly. And we'd like to take this occasion to thank you sincerely for the patient and considerate way in which you have borne with us during this period of waiting.

Meanwhile, we have an important suggestion: Don't neglect the car you drive today.

The war has taught us all the importance of careful upkeep and regular service. While you're waiting for your new Oldsmobile, therefore, be sure to take advantage of our factory-authorized Oldsmobile service program. We are offering every kind of modern automotive service—from lubrication to major overhauls. Regular servicing of your car will safeguard your investment and assure you of safe, dependable transportation until that great day when your new Oldsmobile is here!
